SOUTHRIDGE NURSERY
PERRY, LAKE COUNTY, OHIO

Gladiolus Varieties

Alice Tiplady. Very early. Flowers large, orange saffron flamed red. A brilliant color. 30c each, \$3.00 per dozen.

America. Flowers large, soft lavender pink, a delicate shading of deeper pink in the throat. Plants vigorous, spikes long with the flowers set closely together. This has been for years one of the most popular varieties grown. 5c each, 50c per dozen, \$3.50 per 100.

Brenchleyensis. An old and popular variety, brilliant vermilion scarlet in color. The flowers are not large but many open on the spike at a time, making a handsome show. One of the best commercial varieties for cut flowers. 4c each, 40c dozen, \$3.00 per 100.

Baron Hulot. Deep velvety blue in color. Flowers rather small. Spikes long and slender. The best blue gladiolus. 8c each, 75c per dozen.

Empress of India. Plant of moderate height. Flowers dark red with brown shading. Very handsome and one of the darkest varieties grown. 10c each, \$1.00 per dozen.

Glory of Holland. Ivory white, large, vigorous in growth with long spikes. One of the best pure white varieties. 10c each, \$1.00 per dozen.

Halley. Flowers salmon pink, nicely marked with white in the throat. A valuable commercial variety on account of its earliness. 7c each, 70c dozen.

L'Immaculee. A very fine, early, pure white. 15c each, \$1.50 dozen.

Mrs. Francis King. Very tall-growing plants with long, graceful spikes of large, light scarlet or flame-colored flowers. A beautiful and popular variety. 5c each, 50c dozen.

Mrs. Frank Pendleton. A magnificent flower, considered by many to be the best pink gladiolus in existence. The petals are a clear, lively shade of pink with a deep, blood-red blotch in the throat. It is a very popular florists' variety. 7c each, 70c per dozen.

Mrs. Watt. Rich, glowing crimson or wine color. Always popular as a cut flower and one of our best sellers. 7c each, 70c dozen.

Niagara. A strong, vigorous plant with long spikes. Flowers large, of exquisite shape and color. Petals creamy yellow with a pencilling of carmine in the throat. The best large yellow variety that can be had at a reasonable price. 7c each, 70c dozen.

Panama. A seedling of America, as strong and vigorous as its parent. Flowers large, rose pink. A standard sort. 7c each, 60c per dozen.

Pink Perfection. A magnificent variety, growing very tall, with extra long spikes crowded with immense flowers of a warm, salmon pink. Some flowers are slightly flecked with red, others are clear pink. 12c each, \$1.20 dozen.

Princeps. Very large, amaryllis-like flowers, opening widely. Color a rich, dazzling scarlet with white markings in the throat. Not very successful as a commercial variety as the flowers do not ship well but excellent for home decoration. 7c each, 70c per dozen.

Princepine. Very similar to Princeps in color but with more white in the throat and with more flowers open on the spike at once. 20c each, \$2.00 per dozen.

Prince of Wales. An early flowering variety somewhat similar to Halley. A bright salmon pink in color. A valuable commercial variety.

15c each, \$1.50 per dozen.

Ruffled Glory. A strong vigorous plant bearing large creamy white flowers tinged with pink, the edges of the petals ruffled.

10c each, \$1.00 per dozen.

White America. A seedling of America, white with faint bluish purple marking in the throat.

20c each, \$2.00 per dozen.

Primulinus Hybrids. This group is composed of hybrids between the South African yellow gladiolus, primulinus, with various named varieties. The flowers are smaller than our other gladioli, often hooded, the spikes slender and graceful. The colors range from pure white through all the shades of yellow to orange brown and from light pink to deep tulip red. The colors are brighter and more sunny than those of other gladioli, owing to the preponderance of yellow. 4c each, 40c per dozen, \$3.00 per hundred.

General Mixture. Many colors in mixture.

4c each, 40c per dozen, \$3.00 per hundred.

Gladiolus Seed. From the best named varieties.

10c per packet.

Peonies

Our list of Peonies contains many of the best French and English varieties. The plants sent out at the prices given below are one-year divisions and are guaranteed to give satisfaction. Many of the varieties can be furnished in larger clumps. Peonies should be ordered in the Fall or very early in the Spring before growth starts.
